PROFESSIONAL SUMMARY

AI-native HR Business Partner with 5 years of progressive experience scaling people functions from 30 to 500+ across a Series B drone-tech startup and a 500-person IT firm. Delivers strategic counsel to senior leaders through performance management, org design, succession planning, and complex employee relations - all grounded in data, not intuition. Cut attrition from 15+ monthly departures to 3. Absorbed a full merger: 120 employees onboarded in a single day, zero errors. What sets this apart: the HR workflows are built, not borrowed - n8n, Claude, and Lovable running in production, saving 8+ hours weekly. Co-created Teemlie, an AI-driven talent platform. Ready to bring this operating model to a distributed, AI-native workforce at a company where talent is the product.
